AUTHORHOUSE, United States, 2009. Paperback. Condition: New. Language: English. Brand new Book. Yes, You Can Still Build Your Dream House and Still have Money for Your Retirement and even Send Your Kids to College . . . Save 30% to 40% On Your New Home . . . This could be anywhere from \$50,000, \$100,000 or \$200,000 or even More . . . Depending on How Big You Build !!! My wife and I built a \$ 750,000 home for less than \$ 500,000. We took on the responsibility of the General Contractor. We had no prior experience in the home building process, but were able to pull off one of the biggest accomplishments a couple could ever tackle together. In the book I have illustrations that accompany the text. Many of the illustrations represent crazy moments during the construction. Each chapter has an illustration at the beginning of the text. I used a bulldog to represent myself and drew my family as bulldogs as well. Once the reader has read the book, he or she will understand what a "True-Build" means, which will help them to decide if they would like to take on the duties of a General Contractor . . . or Hire a Professional. Either way, the book will help the Future Homebuilder...
